

Title: REACH – Letter of compliance	Valid from: 2026-02-18
---	---------------------------

Declaration of conformity/compliance – REACH

EU REACH Regulation (EC) No 1907/2006 entered into force on June 1st, 2007 and the main objective is to improve the protection of human health and environment from risks imposed by chemicals.

Somas Instrument AB develops, produces and markets control- and on/off-valves made of stainless acid-proof steel for use all over the world. We are thus a producer and supplier of articles as defined in REACH, Chapter 2, Article 3, point 4 and 33.

Somas Instrument AB comply with applicable laws and regulations in Sweden and at EU level. All preparations/chemicals used in our production are purchased within the EU. Through our Supplier code of Conduct, Somas specify requirements on suppliers; requirements that include obligations to follow all applicable legislations.

According to our current best knowledge and based on information from our suppliers we declare that our products does not contain substances of very high concern (SVHC, article 57 REACH) or RoHS restricted substances above their regulated concentration values.

As a producer/supplier of articles, we have an obligation according to Article 33 of REACH to communicate sufficient information to our customers if an article contains a candidate list substance (SVHC, substances of very high concern) in a concentration above 0,1 % weight by weight.

Based on currently available information and to our best knowledge we also declare that we comply with the following legislation:

- (EC) nr 1907/2006 REACH
- 2011/65/EU RoHS
- (EU) nr 1021/2019 POP
- (EU) nr 821/2017 Conflict minerals

Our manufacturing process is controlled by ISO 9001, 14001 and 45001. Certificate can be found at our website www.somas.se

A handwritten signature in blue ink, appearing to read 'Johan Bergsland', is written over the printed name and title.
